

Katerina Lisenkova

Address: Flat 13, 1 Wynne rd., London, SW9 0BB
Tel: +44 (791) 3444808

Education:

- 01.2005 – 06.2009 **Heriot-Watt University**, Edinburgh, UK
 PhD in Economics
 “The Impact of Population Ageing on the Economic Development of Ukraine”
- 09.2000 – 06.2002 **Kyiv-Mohyla Academy, EERC MA program**, Kiev, Ukraine
 MA in Economics (with distinction)
- 09.1995 – 06.2000 **Belarus State Economic University**, Minsk, Belarus
 Bachelor Degree in Marketing (with distinction)

Relevant experience:

- 04.2012 **National Institute of Economic and Social Research**, London, UK
 Senior Research Officer
 I am a member of macro modelling team that produces macroeconomic forecast, writes quarterly macroeconomic review, develops and maintains forecasting model NiGEM.
- 04.2008 – 03.2012 **Fraser of Allander Institute, University of Strathclyde**, Glasgow, UK
 Post-Doctoral Research fellow
 I worked on externally funded projects, mostly focused on CGE modelling. My most recent project involved the construction of an OLG-CGE model for Scotland.
 My previous project sought to measure the impact of higher education institutions on regional economies from both demand and supply side.
- 05.2010 – 06.2010 **Belarusian Economic Research and Outreach Centre**, Minsk, Belarus
 Visiting lecturer in Economics
 I taught an intensive course on Advanced Economic Growth Models at postgraduate level. The course was delivered in English. I developed and delivered the course on my own.
- 02.2008 – 05.2008 **Scottish Government, GROS**, Edinburgh, UK
01.2007 – 04.2007 **Scottish Government, GROS**, Edinburgh, UK
 Consultant
 I was commissioned on two occasions to produce a set of sub-regional population projections with POPGROUP for 32 Scottish councils, and to build internal capacity for future rounds of projections. I have also produced instructions and start-up packages for every local authority.
- 05.2005 – 07.2007 **Fraser of Allander Institute, University of Strathclyde**, Glasgow, UK
 Research Assistant
 I worked on a project that linked population projections and a CGE model of Scotland to explore the likely impact of the projected population decline on the Scottish economy. My main contribution was the development of the demographic side of the project, production of a set of population projections for Scotland, and contribution to journal articles and reports.
- 09.2002 – 12.2004 **Spektor, Sachs & Company** (now **Bain & Co Ukraine**), Ukraine
 Analyst/Consultant (strategy)
 My work involved market research, data collection and analysis, presentation and report writing, project and team management, and communications with clients. The projects that I was involved in spanned cosmetics, agricultural machinery, telecommunications and downstream petroleum industries. I worked on market audits, restructuring, strategy development and infrastructure projects. I participated in 8 projects, managing 3 of them with teams of up to 5 people.
